Re: Beale Air Force Base; Child Development Center

Dear Hal:

The Beale Military Liaison Committee is an organization whose focus includes quality of life issues for the men and women at Beale Air Force Base. As you know, Beale's economic impact totals well over \$700 million dollars annually to Northern California. Their current Child Development Center was constructed in 1967 with a capacity for 147 children. The center has asbestos tile flooring and lead based paint on the walls. It operates at capacity with a waiting list of over 200 children needing services. A new facility would correct inefficiencies, safeguard the children and allow Beale to be in full compliance with the American with Disabilities Act.

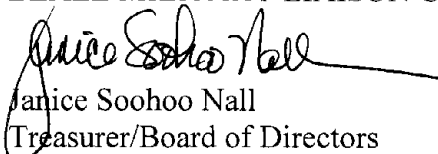

Although it has been Beale's #1 priority for the last four years, a new CDC is not slated as a MILCON (Military Construction) project until 2010 and may very well be delayed beyond that date. Members of the community (Ron Bartoli, Tony Bevacqua, John Cassidy, Russ Clark, Yuba County Supervisor John Nicoletti, Tom Pfeffer, Bill Simmons, Dave Vaughn, and David Yamamoto, and myself) have flown to Washington DC on 2 separate occasions to lobby for funding on this project in the next fiscal year.

We are asking your assistance by adopting a resolution in support of a new Child Development Center at Beale Air Force Base at your earliest opportunity. We will take your resolution and forward this to our congressional leaders as further confirmation of local unified government and community support. A draft of the resolution is enclosed for your review and ease.

Please feel free to call me at 530.822.9988 or any of the community leaders participating in the trips should you have any questions.

Sincerely,

BEALE MILITARY LIAISON COMMITTEE

  
 Janice Soohoo Nall  
 Treasurer/Board of Directors
